"The force is with you Skywalker, but you are not a Jedi yet." Luke begins fighting with Darth Vader.

"Your destiny lies with me. Join me and I will complete your training. We can combine our forces and bring order to the galaxy! I am your father!"

"NOOO, that's impossible!"

"Join me, together we can rule the galaxy as father and son!"

Chapter 2 by -

Luke sides with his father.

The sky became black. Thunder rumbled heavily. Lightning cut through the galaxy.

As Luke Skywalker grabbed his father's hand - accepting his destiny...

Chapter 3 by -

The lightning struck near him as he embraced the dark side. The sensation was weird for Luke. He felt evil flow through his veins as he embraced the dark side. He saw Han Solo and Princess Leia watching from the distance. They tried to tell him to stop. There was no stopping this anymore. Darth Vader looked at Luke.

"If you are ready for this, KILL your friend and sister."

Chapter 4 by -

Luke hesitated. "Have I not done enough, that I must also shed more blood?" He gave a challenging look at Darth Vader.

"They shall be Prisoners of War then. Guards, take them away!" Darth Vader's cape whirled as he turned and left the room.

Hans Solo put up his hands. "Luke, what are you doing?!" He whispered angrily between his teeth as he was lead out the door.

Princess Leia Jerked her arms away and stomped the ground. "Luke, are you crazy? Do you realize what you have just done?!"

Skywalker took a deep breath and faced his sister. "I no longer have any ties to you..." And he stormed out of the room...

Chapter 5 by -

Darth Vader was standing beside Luke, looking out into the vast blackness of space. "Darth Walker, there is one thing I need from you." He pronounced, breathing noisily.

Luke pulled his eyes away from the galactic scene and gazed at Darth Vader, as if to say: *Haven't I done enough already?*

But he resister the urge, and replied with apparent unruffled composure. "What can I do for you, Master?" He swallowed the last word with a gulp. It sounded so strange.

"You have, maps, which - of no use to you now - would prove *invaluable* to me." Darth Vader hesitated on the word invaluable.

Luke turned to face the window, viewing space once more. He was thinking. The maps gave intricate details as to the Rebellion's work, where they hid their weapons, plans, etc. To give the map away, would be signing a death warrant for himself.

"What maps? Why would

Darth Vader made a motion with his hand. "I will come to you tomorrow morning for them." And he turned, his cape whirling, and walked out of the room.

Chapter 6 by aladrew07

The scene swaps to Han solo and Leia being taken down the corridor by stormtroopers

Han stops in his tracks, "Keep moving" the stormtrooper commands, with a gun to his back. "No" he says in response, the trooper turns to his fellow stormtrooper. "The nerve of thi..." Han turns round and swings his arms at the stormtrooper. He hits the trooper's helmet, making his binders smash apart and the trooper falls over. Leia turns round and kicks the other trooper backwards, he hits the ground and tries to raise his gun. Han rushes over and kicks it from his hands, he then kicks him and leans down to grab the gun. He lifts the gun and blasts a shot into both stormtroopers, killing them. Han stares at Leia in disbelief, they know what they must do.

Imperial Prison barracks

Pitiful she thought, fuming at the chains around her wrists. The bounty hunter snarled viciously as she tugged at the chains on her wrists, spitting on the metal. If only she were some sort of mutant that could spit acid or something like that, she could escape. She looked up at the Stormtroopers that unlocked her cell, giving them a look that could kill.

"Come on, prisoner," one of them growled. "Move."

"I'd like to see you make me," she hissed. "Do you actually think I'm going to listen to a damn word you say?"

They grasped her upper arms and yanking her to her feet. She growled, thrashing wildly. Her elbow came in contact with his helmet, knocking him unconscious and wrapping her bound arms around the other's neck. She jerked her arms to a side, snapping the fragile vertebrae. She kicked up a rifle, blasting her bindings. *Easy there, Calline* she hissed at herself. *Almost shot*

yourself in the stomach. She rushed out of her cell. *Damn, they took my comm link to Darkwatcher. I need to find Solo.*
